### **United Business Media buys tradeshow and conference**

#### **Augments CMP Information's position in the independent care and air traffic control markets**

United Business Media plc announces today that its wholly-owned, UK-based subsidiary CMP Information has acquired a tradeshow and a conference in separate transactions.

CMPi has acquired The Care Show for a total cash consideration of £450,000 plus a further performance based deferred payment of up to £350,000 over the next year. The Care Show is the market-leading, twice-yearly tradeshow for the UK independent care market, attracting more than 150 exhibitors and 2,000 visitors at its March 2006 event. The Care Show complements CMPi's Caring Business publication and website ([www.caringbusiness.co.uk](http://www.caringbusiness.co.uk)) and augments CMP's position as a key media player in the growing independent care market.

In a second, separate transaction, CMPi has acquired the ATC (Air Traffic Control) Maastricht Conference from Jane's Information Group for a total cash consideration of £126,000. Having run alongside CMPi's highly successful ATC Maastricht Exhibition for the last 16 years, the acquisition of the ATC Conference gives CMPi an additional strong media channel to complement its exhibition.
